

Dust Cop

Sweeping Compound

DESCRIPTION:

DUST COP is a silica free granular compound specially designed to aid in dirt removal and dust control while sweeping.

FEATURES:

For industrial and institutional use only.

DIRECTIONS:

Spread liberally over floor and sweep. Intended for use on concrete floors. Close container when not in use.

For further information, please review the **Safety Data Sheet (SDS)** and **Product Label**.

STORAGE & HANDLING:

Keep from freezing. Store upright in original closed container at room temperature away from children. Do not mix with any other chemicals.
