

Spray Foam A Scented

Car Wash Powder

DESCRIPTION:

SPRAY FOAM A SCENTED is an outstanding heavy duty hard surface cleaner especially formulated to use with high pressure cleaning equipment. SPRAY FOAM A SCENTED contains a uniform blend of synthetic detergents and water softening agents which allow thorough cleaning and complete rinsing action. SPRAY FOAM A SCENTED is recommended for cleaning all types of automotive finishes and may be used as a pressure washing compound for numerous applications.

FEATURES:

KEEP OUT OF REACH OF CHILDREN. Avoid breathing dust. Protect eyes and wear gloves if prolonged contact is needed. Store in a dry place.

DIRECTIONS:

Use 8 gms per litre of hot water for pressure washing and degreasing. Use 10 gms per 4 litres of hot water in coin operated car washes.

For further information, please review the Safety Data Sheet (SDS) and Product Label.

STORAGE & HANDLING:

Keep from freezing. Store upright in original closed container at room temperature away from children. Do not mix with any other chemicals.
