

Sprayaway

Liquid Car Wash Detergent

DESCRIPTION:

SPRAYAWAY is a high strength, alkaline, foaming liquid detergent designed for hot water pressure wash systems. Can be applied at low pressure for touchless car wash or high pressure cleaning systems.

FEATURES:

High Strength-Penetrating foam

DIRECTIONS:

Apply **SPRAYAWAY** at a dilution rate of 4 ozs/Gal (1:32) to 5.3 ozs/ Gal (1:24) at 40 - 50°C in soft water conditions. A 30 second contact time is recommended for best results. Pressure rinse at 1000 p.s.i. or more with clean hot water. Hot or cold wax should be applied prior to drying.

For further information, please review the Safety Data Sheet (SDS) and Product Label.

STORAGE & HANDLING:

Keep from freezing. Store upright in original closed container at room temperature away from children. Do not mix with any other chemicals.
